

Hello,

I'm Neko Pilarcik-Tellez, an animator with ten years of experience creating animation and illustration for everything from local start-ups like Gozer Games, to global brands like "Five Nights at Freddy's". I'm very excited about this opportunity to join the team at Pusheen Corp. So excited in fact, that I made this sample animation for you:

<http://vimeo.com/nekomation/project-pusheen> the password is StormyFTW.

I'm a big fan of the Pusheen comics and GIFs, so when I saw your job posting on Saturday afternoon I thought it would be fun to try creating an animated short as a sample. I made Illustrator assets for five scenes, then brought them into After Effects to animate. I'd originally boarded a 30-second short, but I didn't want to take too long to apply and end up missing out, so what you see now is the first scene. I had a lot of fun animating Pusheen, so I'm planning to finish the rest of the short over the next couple weekends.

If you'd like to see more of my work as well as the storyboards and assets I created for the sample animation, please visit my website <https://www.nekomation.com/project-pusheen.html>. Being able to illustrate and animate Pusheen's adventures would be a dream come true so I am open to considering a more junior position or freelance work if you don't think I'm the right fit for Senior Animator.

I am in the process of relocating to Chicago, however, I'm available to begin remote work immediately. If you'd like to further discuss how I can be a valuable addition to your team, please give me a call at 773-677-2535 or email me at neko@nekomation.com. Thank you and I hope to hear from you!

Sincerely,
Neko Pilarcik-Tellez
